FIRST
ANNOUNCE-
MENT

Dear Colleagues and Friends,

the forthcoming annual congress of the European Society for Sexual Medicine. (ESSM) will be held in Milano from 1 to 4 December 2011. As all of you know Italy is a country with a very old tradition in Sexual Medicine and Andrology, a tradition which has been maintained until these days. With that history in mind we are very glad and proud as well that Milano has been chosen as our congress venue for 2011.

The annual ESSM congress with between 1.500 and 2.200 attendees over the past 10 years has become the worldwide greatest and most important international meeting in Sexual Medicine. By tradition the ESSM congress is covering almost all aspects of Sexual Medicine and attracts participants from all continents of the world.

As always the annual ESSM congress provides the most recent knowledge and innovations in the field of Sexual Medicine, Andrology, Men's Health and neighbour disciplines. This updated knowledge is being provided in many interdisciplinary round-tables, state of the master lectures, as well as in many poster and podium sessions.

ESSM is also proud of the many educational courses of the highest scientific level that are offered during the annual congress, being the educational program the pride of our European society.

Be assured the ESSM scientific committee together with the local organizing committee will put together an inspiring scientific program framed by memorable social events.

We are counting on you to join us 2011 for this outstanding scientific congress.

You will never regret to have been there.

See you in Milano

Hartmut Porst
ESSM President

Andrea Salonia
Local and Scientific Chairman
